Maxon sings songs exclusively of his own composition. You will regret it if you miss hearing him at School House Hall to-night.

The Raab building, corner Bridge and Elm streets, is being fitted up for the accommodation of the new Citizens' National Bank.

The ladies and young people should not miss Maxon's lecture and entertainment to-night, if you wish to enjoy a good healthy laugh.

Landlord Randall is erecting a large bay window to the north side of the Rural House, which will add to the comfort of this pleasant hotel.

Married, at Hotel Agnew, Tionesta, May 16, 1896, by Rev. J. V. McAninch, Mr. L. G. Mervin, and Miss Jennie Albaugh, both of Hickory township, Forest county, Pa.

Amsler, who keeps up a fine supply of fresh vegetables, has also a new soft drink on tap—Thompson's Wild Cherry—which is delightfully refreshing on these hot dry and dusty days. Go sample it. Perfectly pure and healthful.

During the past three days the press has been filled with reports of frightful tornadoes throughout the southwestern states, Texas, Kansas, Nebraska, Missouri, Kentucky and intervening points. The destruction of life and property has been fearful.

Oil City is to hold a special election, June 18, for the citizens to pass on a proposition to add \$50,000 to the debt of the city, to be used in enlarging and improving the city water works.

The H. O. Davis lot, corner of Bridge and Elm sts., was sold at Orphan's Court sale last Thursday, to Mr. J. T. Brennan, for \$1,017. The corner is a desirable one and a nice business location.

Miss Nannie Morrow has finished a very successful term of school at Foxburg, Howe township, and has returned home, and her many friends will be pleased to learn that she will remain in Tionesta all summer.

An exchange makes a statement which challenges refutation when it says that a wife has no business sewing for a heathen when her husband wears a heavy long-tailed coat in summer to avoid embarrassment.

Remember the Memorial sermon to be preached in the Presbyterian church next Sabbath morning, by Rev. Wm. Richards. Veterans of the Grand Army as well as all others are cordially invited to be present.

Dr. J. B. Siggins of Oil City, will be at his office, Proper & Walters block, Tionesta, Pa., in the forenoons of Monday, Wednesday and Saturday of each week, for the purpose of treating catarrhal diseases. Remember the days.

A White Cap notice has been served on a resident of Kane, Pa. If current reports are true there is a man not a great ways from Tionesta who not only ought to be served with a notice, but should be given a good dose of the medicine usually prescribed by White Caps.

Court convenes next Monday, which is one week later for the May term than heretofore, owing to the sitting of the Superior Court in Erie this week. The civil list comprises eleven cases, and from present appearances the criminal business will be about as light as usual.

Hon. E. H. Wilcox, one of Erie county's Assemblymen, and by-the-way, one of the best members of the last House, stopped in town over Monday night. Mr. W. is traveling in the interest of one of Erie's reputable wholesale houses, and has a large patronage through this section.

The delightful rains of the past two days, though light, have been exceedingly welcome in this section. Vegetation was needing moisture very badly, the grass and oats crop especially, were suffering from the drought. But this little sport will freshen up things in a wonderful degree.

The prospects for an abundant yield of all kinds of fruit could scarcely be better at this time of year. Fruit trees of every description are loaded to the brim, and it would seem that nothing but heavy frost, of which there appears very little probability, can prevent a wonderful crop.

Kirchartz Bros. are doing a land-office business in the bicycle line these days. They exhibited a line of bikes that covered the entire front of the Kepler block Saturday evening, most of them just fresh from the factories, and about all of them sold. They handle a large variety of wheels.

The Woman's Relief Corps of Pennsylvania are making a heroic effort to free the Memorial Home at Brookville from debt and save it for the use of the old soldiers, their wives and children. The debt must be paid on or before the 1st of September, or the mortgage of \$8,000 will be foreclosed.

There is talk of erecting a clothes-line factory at or near Dubring station, on the T. V. railroad, in Jenks township. The timber used will be beech, of which there is an immense supply all through that section, and which, if not made use of, is soon destroyed by forest fires when the hemlock is cut off.

The Emleitoun News celebrated its eleventh birthday last Thursday. The News has lately put in a new Babcock cylinder press which does excellent work and gives the paper a very bright appearance. The News is one of the most welcome exchanges on our table and we congratulate Bro. Cubbin on his success.

Lyman Odell of Howe twp., is at Dr. Morrow's house with a dislocated shoulder joint, and otherwise considerably bruised, as a result of an altercation with J. F. Fredrickson, which took place at the latter's tailor shop Monday afternoon. There was no one present when the fracas occurred, hence it is not known just what it was all about.

Miss Aggie Kerr, the retiring superintendent of Forest county's schools, has gone to Clarion for a short visit. Morrow, Tionesta; C. H. Wilton, H. H. Borchert, P. V. Marcellott, Marienville; W. E. Witherell, S. C. Whitmore, Wm. Albaugh, East Hickory.

The editor of an exchange has been taking observations on the difference between a lady and a gentleman in mounting a bicycle. He says the lady stops, adjusts her skirts, puts one foot upon a pedal, gives a little spring, settles lightly upon the saddle and away she goes! The man grabs the handle bars, stretches himself out behind the machine, puts one foot upon the step, hops along upon one leg like a lame ostrich, gives a jump, lands "kerplunk" in the saddle, kicks about to find the pedals and then goes wobbling along for a rod or so before he gets his center of gravity located.

The Hardenburg & Erb well on the Hawthorne tract, below Trunkeyville, started pumping last week, Wednesday, at the rate of thirty-five barrels a day, and is now doing twenty-five. This is a good well for that territory, opening up, it is thought, a new streak, and it will stimulate operations there this summer. A second rig is up on the Hawthorne tract, and Proper Bros. are ready to drill on the Tucker farm, a short distance from the first Hardenburg & Erb well. The Black well, on the Garvey farm, is claimed to be doing four to five barrels a day. Ed. Pegulnot also has three small producers a short distance above the station.—Tidioute News.

The Cox well on the Spooner tract, near Bear creek, Kingsley township, drilled two years ago, and abandoned as a duster, bids fair to yet come to the front as a producer, and may be the means of opening a field in that section. It was cleaned out and drilled several hundred feet deeper lately, but no sand of consequence was found. Last week it was shot in the original sand, about 40 feet of which was found at a depth of 1,190 feet when it was first drilled. Since the shot was put in it has filled up about 200 feet with a nice quality of oil, and the owners are quite confident that the pay streak has been tapped. Mr. Cox informs us that operations will be continued, and it is gratifying to know the prospects for a good field are quite flattering.

Memorial Day.
Capt. H. H. Cumings, of Tidioute, Department Commander of the State G. A. R., in his general orders, No. 17, makes use of these beautiful sentiments: "Memorial Day, with its fragrant flowers, its sweet music and its sad memories is approaching, when soldier and sailor living will pay loving tribute to soldier and sailor dead. Though the little mound may be high on hill-top, or down low in the valley, or the resting place be deep in the fathomless sea, yet shall every Comrade who has gone to the great beyond, be remembered in the sweetly solemn ceremony of our floral festival day. With flags and flowers and music shall we greet them again, and again shall we in memory march side by side, touching elbows with our Comrades as of yore. Songs of praise shall swell the breeze, story of sacrifice, defeat and victory shall be told, loving hands shall strew the graves of loved ones with ivy and with myrtle, with spring's fairest flowers and garlands,—patriotic will plant on patriotic dead, the flag they loved so well, and sacred Benediction will be chanted."

"Farmer Dean" says: C. M. Maxon will please and entertain everybody who hears him at School Hall to-night.

"Farmer Dean" says: C. M. Maxon has made more personal sacrifices for the reform cause than any man he knows. Turn out and give him a hearing to-night at School Hall.

Last week Miles & Armstrong bought a full line of the finest worsted suits ever shown in Tionesta, at prices away below regular prices, which we can sell as low as \$7.00. Better suits \$10.00 and upwards.

Lawrence & Smearbaugh will show you as complete a line of shoes, all sizes and styles, as can be seen in any town twice the size of Tionesta. They are making a specialty of shoes this season and won't be outdone in any particular.

Also his very desirable business stand, at the corner of Bridge and Elm Sts. This is one of the best business locations in town, and those who have occupied it have all ways enjoyed a large public patronage on account of the location. For prices and terms address Geo. Raab, Oil City, Pa.

Willard McKinstry, editor of the Freedom Censor, was eighty-one years old last Saturday. He is still active and enjoys good health.

Minnie Swanger, the 12-year-old Altoona girl, who poisoned her uncle, William McGregor, by placing rough on rats in his coffee, was sentenced last week by Judge Bell to the care and custody of the Children's Aid Society of Western Pennsylvania in the Society's institution at Pittsburg.

An obelisk comprising the different building stones of the state is being erected on the campus of the Pennsylvania State College. There will be 168 varieties of the stone in the obelisk, and it will be 26 feet high, surmounted by a glacial boulder. The stones will be arranged in geological sequence.

Ridgway boasts of a family whose proficiency it would be hard to equal. Mrs. Victor Olson, who resides on the Warren road a few days ago gave birth to twins, being the second pair she had presented to her husband inside of a year. In all four pairs of twins have been born to the family. What town can beat it?—Democrat.

The dead body of Charles F. Johnson, a Swede, aged about twenty-four years, was found hanging by the neck to a limb of a tree near Sheffield, Warren county, Wednesday forenoon. He had been missing since Monday. A note left by him explained that he had committed suicide because he could not pay his debts.

The bicycle, which a few years ago was regarded as a fad, has grown by general use into such tremendous proportions that the mind can hardly grasp the figures. To supply the demand there are something like 400 firms, making money hand over fist, and it is estimated that in the various plants more than \$25,000,000 is invested.

The American hen, it is said, lays \$33,000,000 worth of eggs annually. The American eagle does the screaming for Uncle Sam's whole family, eats up the eggs as fast as they are laid, and is worshipped in season and out, while the poor old hen is peeped as soon as she ceases laying and her faithful old bones fed to the dog, which lays under the bed ready for business.

The dry weather that has been prevailing recalls the great dry time in Kansas. A denizen of that state being interrogated as to the dry season out there said: "We used to have to run the well through the clothes ringer every morning to get water for cooking, and we would go and throw a lot of little pebbles on the barn to make the horses think it was raining and in that way keep them from getting discouraged."

The latest and one of the most humorous schemes in advertising has been amusing the patrons of theaters in New York. A bald-headed man is the instrument. On his shining pate is printed in indigo blue the name of a patent medicine. He sits in the front row and conducts himself with propriety, while people behind him are convulsed with laughter, each observer supposing that here is a practical joke some one has played on an unsuspecting friend.

On Monday, while John Brown, of Vernon twp., Crawford county, was planting some potatoes, a stranger came along, engaged him in pleasant conversation and then passed on his way. Mr. Brown afterwards discovered that while the chat was in progress a pal of the affable stranger had slipped into the house and ransacked it, the balance of the family being at work in the garden. The visitor got away with \$100 in money, about \$100 in paper, negotiable at Meadville banks and a gold watch.—Franklin News.

The \$22,000,000 of gold belonging to the Clearing-house Association of New York has been removed to the new building of the Association. The last load was carried on Saturday morning. Few people realize how big an undertaking it was, but when it is understood that it took two weeks to do it, and that the greatest care had to be exercised lest a portion should be stolen and that the weight of the metal was sixty-four tons, one begins to see that the transfer was a matter of some importance. The public was not aware of what was going on until the work was finished.

Lineville, near Fryburg, has a sensation. During the past week two young men returning from a country frolic about two o'clock in the morning discovered four men digging near the road, while a fifth man was apparently acting as a sentinel. The boys did not stop to investigate, but jumped the fence and arrived home by a cross-roads route. At daylight they informed their neighbors of what they had seen before daylight and a posse investigated. They found that a hole eight feet long, about two wide by six deep had been excavated by the mysterious visitors and afterwards filled up. The investigating party set to work and threw out the loose dirt in the belief that a body had been buried there, but nothing of the kind was discovered. The matter has created much talk and all sorts of rumors of buried treasures, counterfeit plates and the proceeds of robberies in Clarion county are being retailed.—Derrick.

Indians Must Obey the State Laws.
A decision of considerable importance touching the rights of the Indians on the territory which they have leased to the whites, was rendered by Judge O. S. Vreeland, of Salamanca recently. The question involved was whether the state has any jurisdiction over an Indian who takes fish from the streams of the reservation at such times or in such manner as he may choose. The question grew out of the arrest of an Indian named James Pierce, some time ago, and who was convicted before Justice Seymour of Salamanca, of unlawfully killing fish in the Allegheny river by the use of dynamite. He was sentenced to pay a fine of \$40 and to serve 30 days in the county jail. D. C. Reilly, of Randolph, at that time attorney for the Seneca Indians, appealed from this judgment, and held that the Indians were exempt from the operations of this state law in regard to illegal fishing on their own territory or reservation.

Justice Vreeland in his decision ruled at length the different steps by which the state acquired the sovereignty and jurisdiction of the Indian lands, and holds that the state has authority to make and enforce laws regulating the taking of fish from the streams of the state and that they can be enforced against the Indians as well as the whites. The judgment of Justice Seymour is therefore confirmed but the fine is remitted as the statutes do not authorize a fine.—Warren Mail.

How to Treat a Wife.
(From Pacific Health Journal.)
First, get a wife; second, be patient. You may have great trials and perplexities in your business, but do not therefore, carry to your home a cloudy or contracted brow. Your wife may have trials, which, though of less magnitude, may be hard for her to bear. A kind word, a tender look, will do wonders in chasing from her brow all clouds of gloom.—To this we would add always keep a bottle of Chamberlain's Cough Remedy in the house. It is the best and is sure to be needed sooner or later. Your wife will then know that you really care for her and wish to protect her health. For sale by Heath & Killmer.

Mrs. B. DeYoung, Middleburg, Ia., writes: I have used One Minute Cough Cure for six years, both for myself and children, and I consider it the quickest and most satisfactory cough cure I have ever used. Heath & Killmer.

Mr. D. P. Davis, a prominent liveryman and merchant of Gosport, Va., has this to say on the subject of rheumatism: "I take pleasure in recommending Chamberlain's Pain-Balm for rheumatism, as I know from personal experience that it will do all that is claimed for it. A year ago this spring my brother was laid up in bed with inflammatory rheumatism and suffered intensely. The first application of Chamberlain's Pain-Balm eased the pain and the use of one bottle completely cured him. For sale by Heath & Killmer."

One minute is the standard time, and One Minute Cough Cure is the standard preparation for every form of cough or cold. It is the only harmless remedy that produces immediate results. Heath & Killmer.

For every quarter in a man's pocket there are four uses; and use each one in such a way as to derive the greatest benefit is a question every one must solve for himself. We believe, however, that no man can afford to be without one of these quarters, that to exchange it for a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, a medicine that every family should be provided with. For sale by Heath & Killmer.

One swallow does not bring spring, but one swallow of One Minute Cough Cure brings relief. Heath & Killmer.

\$33 will pay for a term of six weeks, board and thorough instruction in music, at the Musical College, Fryburg, Susquehanna county, Pa. Summer Term begins July 16. For particulars address, Henry B. Moyer.
